**Resolution of CPW Aquatic Data Request**

In order to speed up the approval and data distribution process, please further define your data needs. While we will strive to give you the data you have requested in a timely manner, keep in mind that the lower the resolution of your data request, the less scrutiny (and thus time) required by the data request review committee, and also the more likely that your request will be approved. Note that requests for raw data will need to demonstrate this need to the committee before approval will be granted.

Please mark/highlight the resolution you require and return to [Andrew.Treble@state.co.us](mailto:Andrew.Treble@state.co.us)
